Lower Cost | Better Control | More Convenience

“Through our extensive experience in sourcing, logistics and procurement processes we are able to provide our customers with valuable efficiencies in Technical procurement.”

Many Electrical parts for Marine and Industry with IMPA ref on stock

OUR PRODUCTS

STOCK SUPPLY

Our knowledge and understanding of the market allows us to supply European A Brands at competitive prices. Ask for our capability list and send your RFQ and let us show you!

GALLEY AND LAUNDRY

Over our many years in providing the market we have developed significant efficiencies; We know the brands used on board, we keep stock of spares to make them available quickly.

SPARE PARTS

Specials are our Standard. We make Obsolete parts available via our worldwide network. We search, we find, we supply it all. With our mature knowledge of the industry and its equipment, we are able to support your needs and provide you the solution needed.

TAIL SPEND SUPPLY

RedOrange Industry can not only provide you with those infrequent requests of product, which may not be listed but also manage this for you and become your “One vendor” for all tail spend in products and specific services.

TECHNICAL SUPPLY SOLUTIONS

ONE VENDOR FOR ALL

RedOrange Industry (RO-I) is the reference for Technical Supply Solutions in Marine and Yachting Supply, Oil and Offshore and Panel building. We treat the non core scope as our core products.

We combine a purchasing organization and a wholesaler to one. We put a great deal of effort in knowing our (customer’s) clients needs and expectations.

OPTIMIZE YOU TECHNICAL PURCHASES AND PROCESSES

WHAT WE DO

- ⊗ Obsolete parts made available via our worldwide network
- ⊗ Specials are our standard
- ⊗ With more than 1000 partners we can supply everything

Our focus?

We search, we find, we supply it all.
With knowledge of the Marine Industry and equipment we can provide you with the solution you require

BACKGROUND

Many distributors will quote “obsolete” when an item is being phased out by the manufacturer, RedOrange Industry does not! We focus on 100% service and delivery, we will search, find and deliver the requested items. We may offer you an alternative which will be suitable in order to keep your equipment functioning.

100% SERVICE AND DELIVERY

With one supplier for all your technical items, the quotation and ordering process will become more simple than ever. Even if the product is not in our database or if it is a one-off purchase.

PRODUCT GROUPS
